

# TEAM COMPETITION FORM

## Team Competition Rules and Requirements

1. To enter your team into the Team Competition, your Team Captain will be responsible for getting everyone on the team signed up on the **TEAM COMPETITION FORM**.
2. This form must be sent by email to [breakoutracing@yahoo.com](mailto:breakoutracing@yahoo.com) or turned in with all names and signatures before the start of the 6th race on May 26.
3. Each team member must be a registered runner.
4. There will be two separate Team Competition categories: **Small Team** (3-4 runners), or **Large Team** (5 or more). If you have a large club/team and would like to split up your group into several teams in each category, you could name your teams, for **example**, Speedy Shoes Racing Team #1, Speedy Shoes Racing Team #2, etc...
5. Once you have been entered into the Team Competition, you cannot be removed.
6. No runner substitutions, changes or drop outs after the competition has started.

## Team Scoring System

The scoring method is based on an average score for your team. Your individual scores are added together each race and divided by the number of members on your team. This is the team's score for that race. If any of your team members do not show up it will HURT YOUR SCORE, so make sure your team members participate each week.
